Newsletter 19<sup>th</sup> September

## There was an extremely important vote yesterday....in school!

Children filled in their ballot papers and placed them in the ballot boxes in order to elect their new school council representatives. This year, Mrs Longbottom and Mrs Baker will be leading the school council. Our school council this year are...

- Beth Pickup
- Archie Williams
- Grace Lee
- Kate Horsfield
- Thomas Bielby
- Hebe Picking
- Lucy Minikin
- Tyler Langstaff

Our school council help feedback any concerns or suggestions from their classes, to ensure the pupils have a 'voice' in school. Their first job will be to choose which new playground markings Friends of Sutton CE will be spending their money on.

### School dinners

On the reverse, please find the school menu for the next three weeks, with some small amendments from the previous version.

### Playtime snacks

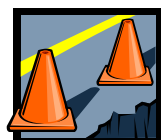

*Please can I remind parents of what constitutes a suitable, healthy snack for breaktimes; fruit, vegetables, cheese or a cereal bar. Thank you*

We have a small number of children in school with serious nut allergies. In order to keep these children safe, school would very much appreciate it if *no nuts* are brought into school for either morning snack or in packed lunches.

In addition, if any child in school has a medical condition that we need to be made aware of, please ensure you make the school office aware.

Please also be advised, that school is not permitted to administer medicines or tablets unless they are prescribed by a doctor / medical professional.

Residents of nearby Greenroyd Court have asked me to request that any parents parking on this road do so with respect to local residents and with awareness for the children's safety.

Many thanks to those of you who contributed to Reverend Cowgill's leaving gift... he was very pleased with a healthy contribution towards his new laptop computer.

Thank you also to the Sutton and Glusburn Allotment society for their generous donation to school towards our garden.

This has been spent on gravelling the pathway in the garden and to renew our hanging baskets for the winter.
